It has a simple user interface and MKV videos look amazing on the video player To get the most out of XBMC, copy any MKV video files to the Movies directory in the users home folder and you'll be able to quickly find them within XBMC.. There has been an upgrade to the software with a recent release of VLC 2, and even if you don't plan on using it to play.. After you have installed Perian, you don't need to do anything extra to watch MKV files.. For general versatility, VLC is a must-have app for all computer users, MplayerX is really giving it a run for it's money, but for overall media center functionality XBMC is great.. Overall it's a great app and is recommend as one of the best MKV players currently available. e828bfe731 [Parallels Desktop 11 Software For Mac](#)
